Overview

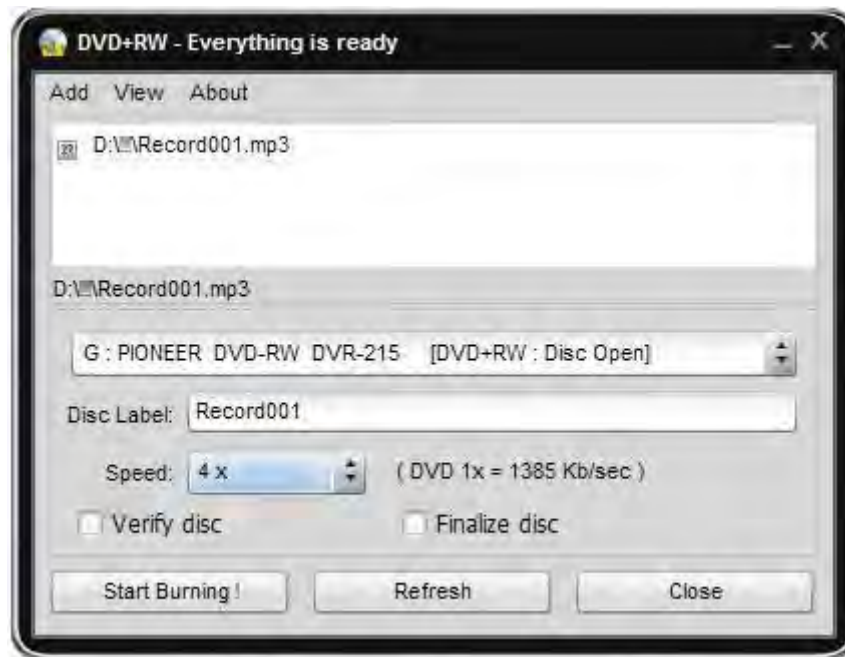

S4B Easy Disc Burner is a wizard-styled utility, which allows you to burn video files from your personal computer to discs: CD, DVD, Blu-ray.

Burn your data on CD, DVD and even Blu-ray Discs with **Soft4Boost Easy Disc Burner**. It supports wide range of media type - CD-R/RW, DVD+/-R, DVD+/-RW, DVD-RAM, Double/Dual Layer DVD and the latest Blu-ray technology BD-R and BD-RE, and wide range of CD/DVD drives.

To start **S4B Easy Disc Burner** go to **Start** menu and choose **All Programs -> Soft4Boost -> Easy Disc Burner -> Easy Disc Burner**.

Program Interface

Soft4Boost Easy Disc Burner interface is quite simple to use and lets the user perform all the actions with a few mouse clicks. The program **Main Window** looks the following way:

There are two ways to start **Soft4Boost Easy Disc Burner**:

- 1) The **Easy Disc Burner** utility can be launched directly from the Start Menu it is embedded into.
- 2) This utility can also be launched from the Express Menu of Windows Explorer. To do that find the file or folder you want to burn to an optical disc, right-click it and select: **Send To -> Easy Disc Burner**.

Note: If you'd like to burn DVD files, right-click the folder containing the VIDEO_TS and AUDIO_TS folders and send it to **Soft4Boost Easy Disc Burner**.

Note: If you'd like to burn Blu-ray files, right-click the folder containing the BDMV, CERTIFICATE and SLY! folders and send it to **Soft4Boost Easy Disc Burner**. (The SLY! folder is not always present in Blu-ray files structure.)

Burning Files

For burning selected files press **Start Burning** button. After that this window will appear.
